Payroll Efficiency

Efficiency and staff experience go hand in hand. Employees want timely and accurate salary payments and employers want access to real time information (RTI) and a smooth and accurately delivered payroll service. We provide a comprehensive payroll service that not only makes organisations more efficient and current, but also improves the employees' payroll experience.

Who's payroll outsourcing for?

Right from small start-ups, medium size businesses to larger organisations, we provide a cloud based payroll & HR solution for a range of organisations.

What are the benefits of outsourcing payroll?

Improve Productivity: Manage staff better & increase their productivity! Assign tasks, manage projects, schedule shifts & invite employees to attend events, using our cloud based platform. Control administrative spending whilst continuing to improve payroll efficiency. It's not uncommon for our clients to reduce in-house payroll costs substantially!

Avoid Penalties: HMRC is getting tougher! Make sure you avoid fines & penalties.

Accuracy: Many businesses pay a penalty for late and inaccurate filings. Our current payroll accuracy rates meet the SLAs defined by our clients

Keep Up-to-date

Tax codes and legislation keeps changing – do you want to keep up with the latest? We use payroll software that is HMRC compliant and RTI-ready.

Our Services Include

- Processing timesheets
- Generating pay slips
- Corresponding with HMRC
- Monthly or Weekly Payroll
- Generating periodic reports
